Who says only adults can enjoy afternoon tea?

Start with 3 brioche rolls filled with cheese & tomato, chicken sausage & ketchup, and ham & tomato (or have cucumber & cream cheese instead).

Served with a little teacup filled with chunky chips!

Then act like a grown-up and have a delicious plain scone with strawberry jam & clotted cream.

Finally, enjoy 3 delightful mini cupcakes that melt in your mouth (flavours change daily).

Enjoy all this with a delicious hot chocolate with marshmallows & cream, or a pot of tea if that's, well, your cup of tea.
